

Remote Deposit Capture

The Citizens Bank remote deposit capture system gives you the ability to scan and electronically deposit checks using your PC with internet connectivity and a certified scanner available through Citizens Bank of Edmond.

Features & Benefits

- **Extended Deposit Window**
Deposits can be made beyond traditional banking hours and on weekends. Additionally, time spent driving to the bank is eliminated.
- **Reduced Deposit Preparation Costs**
Eliminates time consuming manual deposit preparation. It also reduces research and storage time through the use of stored digital images.
- **Streamlined Operations**
Consolidate deposits from multiple locations to a single account, thereby substantially reducing deposit collection costs.
- **Reporting Feature**
You may pull customer and item reports as well as export data.
- **Data Entry Fields**
These fields allow you to correct or edit information read by the scanner.
